

Are you a dog owner?

If so, are you aware that as of *06 04 08* it was no longer the duty of the Police to deal with stray dogs?

A change in legislation handed over the sole responsibility in dealing with stray dogs to local authorities. *Dun-Roamin* was created with this change in mind. Working on behalf of, and with the consent of local authorities within the Midlands area, as

Dun-Roamin Stray Dog Collection & Animal Services (A registered business)
we react to any reports of straying dogs whether they have been captured or are still on the loose, 7 days a week, 8.30am to 10.30pm

When a stray dog has failed to be claimed by it's owners, where it is possible, as **Dun-Roamin Rehoming (An unregistered organisation with charitable aims)** we will work tirelessly to find a place for the animal either at a local rescue or match it to somebody seeking a companion

In keeping to our slogan of "promoting responsible dog ownership" , we also offer additional services that are available to everyone

Without our intervention, many of these strays would end up being put to sleep
